Professional Timeline

2015 - Now **Multimedia Freelancer**

Works on media projects as an independent contractor for different businesses, organizations, and individuals. Designs websites, logos, and promotional posters. Shoots and edits instructional, promotional, live event, and narrative-based videos. Also records and edits audio. Professional clients have included Anomaly Video, Creative Lexington, Grace Free Lutheran Church, Hatfield Media, OC Creative, Raaka Chocolate, and Vine Street Baptist Church.

2016 - Now **Circulation Assistant**

Lyons Brown Library - Bellarmine University: Louisville, KY

Oversees the library building and all circulation services. Assists patrons while marketing the library's many services through active communication. Supervises and trains student workers. Maintains the collection through detail-focused organization. Works collaboratively with staff and faculty to ensure the best systems and processes are implemented.

2015 - 2016 **Director of Communications**

Middletown United Methodist Church: Louisville, KY

Led all aspects of media and communication for the organization. Promoted numerous events and initiatives through the mediums of video, photography, web, print, and audio. Re-branded the church-wide graphic identity, redesigned and maintained the website, organized and supervised a team of audio and video volunteers through the live production process, and maintained all audio/visual equipment on site.

2011 - 2015 **Circulation Assistant**

Kinlaw Library - Asbury University: Wilmore, KY

Responsible for the circulation and processing of print and electronic resources, involving information management systems, communication of data, and knowledge of all library services. Sold and re-stocked items at a library café. Worked closely with patrons while maintaining an organized and professional environment.

2014 **Logistics Assistant**

Olympic Broadcasting Services: Sochi, Russia

Assisted in meeting the needs of multiple production crews, at three different venues, during the Sochi 2014 Olympic Games. This involved coordinating daily crew schedules, transportation, and meals, while also running various errands.
